Organization Theory - Encyclopedia - Business Terms | Inc.com

In the contingency theory on the organization, it states that there is no universal or one best way to manage an organization. Secondly, the organizational design and its subsystems must "fit" with the environment and lastly, effective organizations must not only have a proper "fit" with the environment, but also between its subsystems. 2.

Organizational theory - Wikipedia

There's nothing in this book discussing "theory" or "design". The author discusses some random topics, some of which are closely related to organizations and some are unrelated topics. There are good points and lessons to be learned in each chapter, but I don't think this book can be used as a ...
