Organizational development is the process of helping organizations improve through change in policies, power, leadership, control or job redesign.

What Is Organizational Development? - Study.com

Organization development has been, and arguably still is, the major approach to organizational change across the Western world, and increasingly globally. Despite this, there appears to be a great deal of confusion as to its origins, nature, purpose and durability. This article reviews the 'long' history of organization development from its origins in the work of Kurt Lewin in the late ...

Organizational Theory, Design, and Change 7th edition ...

Organization development (OD) is the study of successful organizational change and performance. OD emerged from human relations studies in the 1930s, during which psychologists realized that organizational structures and processes influence worker behavior and motivation. More recently, work on OD has expanded to focus on aligning organizations with their rapidly changing and complex ...

Organization development - Wikipedia

However, organizational change is often provoked by some major driving force, for example, a public relations crisis, sudden opportunity in markets, dramatic reduction in profits or new Chief

Executive Officer with a very different leadership style. The subject of organizational change has reached evangelical proportions.
