volume - the amount of space an object occupies (take up). meniscus - the curve in the upper surface of a liquid close to the surface of the container. SI Unit is liter (L). Tools used for measuring volume - graduated cylinder Determine the value of each line (graduation ) on the graduated cylinder.

### **SCIENTIFIC METHOD and METRIC SYSTEM STUDY GUIDE - Google**

The Metric System had its beginnings back in 1670 by a mathematician called Gabriel Mouton. The modern version, (since 1960) is correctly called "International System of Units" or "SI" (from the French "Système International"). So we should really call it "SI", but mostly people just call it "Metric".

### **Metric System of Measurement - Math Is Fun**
