Mufon Ufo Journal May 2010

Summary: Civilian UFO organizations have nearly always operated on a shoestring budget, essentially volunteer organizations. Still many of them managed to do remarkable work over the past 50yr, investigating and documenting UFO sighting reports. Overall, perhaps about a thousand (1000) UFO organizations have been created all over the globe since the 1950s, but only a handful of them became ...

So there you have it. All the moving parts are now tied into one incestuous clusterfuck of UFO exploitation. The History Channel, To the Stars, Robert Bigelow, Skinwalker Ranch, the Pentagon, MUFON—all of them have financial, operational, or personal stakes in one another as taxpayer dollars and cable TV advertising money grease the wheels of self-promotion and self-delusion.

Ufology is the study of reports, visual records, physical evidence, and other phenomena related to unidentified flying objects (UFOs). UFO reports have been subject to various investigations over the years by governments, independent groups, and scientists. However, ufology, as a field, has been rejected by modern academia and is considered a pseudoscience

Ufology - Wikipedia

A Colorado witness at Superior reported watching and photographing "five metallic-like objects" moving overhead at about 30,000 feet that could not be identified, according to testimony in Case 79398 from the Mutual UFO Network (MUFON) witness reporting database.

Evidence of Alien Abduction Post Alien Abduction Body Marks. The Scars and Bruises shown on this page Directly Relate to Conscious Memories of Interaction with ET-Alien Beings

ET Alien Abduction Body Marks

The emptiness of Fermi's Paradox as an argument against ETs rests, I think, on the unlikelihood that advanced technological civilizations would ever explore or colonize their universe in the flesh. I've suggested here that the "reach" of ETs through space, and that of our own human or ...

similar attitude based on a review of the administrative files that had been released as part of Project Blue Book. John suggested, as I have, that those who were creating the files, writing the reports, and doing the research believed that none of this would see the light of day.

A Different Perspective

If a car moving at 100 kilometres per hour hits a concrete wall, all of its kinetic energy must be turned into other forms of energy. What are those forms, and can anyone describe the overall ...

Last Word Archive | New Scientist

In September 2010, when the Pentagon's neatly concealed Advanced Aerospace Threat Identification Program was going full throttle, UFOs & Nukes author Robert Hastings assembled a press conference which was unlike anything Washington had ever seen before. With CNN live-streaming, seven retired Air Force veterans, including a missile-targeting officer, a combat crew commander, and a former base ...

The Matrix turns 20 this year. Our friend Greg at the ever-reliable Daily Grail recently and incisively underscored a salient antecedent by pointing out that, 22 years before the film made the phrase 'glitch in the Matrix' famous, Philip K. Dick was talking about déjà vu being evidence that 'a variable is changed' in 'our computer-programmed reality.'

The Teeming Brain

The Georgia Bigfoot Society is an organization of members who are dedicated to a quest for knowledge about and understanding of the creature known as Sasquatch, particularly as he occurs in the state of Georgia.
