How to Make a Sheet Bend. This knot is the traditional knot used in most netting. It is quite secure and not very prone to slipping. Other knots are sometimes used in netting, and I will be adding instructions and proper uses for them to this site in the future.

### **The Basic Netting Knot | More than Fish and Hammocks**

To hang your net onto its frame, first space the webbing evenly around the hoop and tie it in four places. Then tie one end of your hanging twine to the frame at a point near the handle, and, again working from left to right, secure each mesh to the frame. You'll use a standard "net hanging knot" for this job.

this is a good general guide for how to make cake pops. I made them using Wilton brand candy melts, and myself and my family thought that the coating was too thick. Would love some alternative suggestions for the coating. We had a batch of 24 and by the time we got half way through dipping them, the pops were too warm and beginning to fall apart.
