Engineering Science . The similarities between engineering and hard sciences are striking. Engineering sciences are mathematical and exact within prescribed limits. But the purpose of engineering science is not to record "laws of nature." Engineering science states relations among measurable properties that allow mathematical analysis.

General Engineering Introduction/Engineering Science ...

Science departments are encouraged to engage in the module(s) that address their need. A unit planning module is also available for science departments and grade level meetings to support the implementation of NGSS.
