the Nikon D90, but this alone won't get great pictures. To get great photos you still need to get yourself to the right place at the right time and point the camera in the right direction, which is a lot harder than mastering the D90. Right out of the box at default settings the D90 does a great job, but you need

I'd like to kick off this Nikon D90 guide with a quick three-word description that pretty well sums up this camera for me: the possibilities are endless. Every other digital SLR camera that I've used has come with some type of limitation - which means that it's great for one style of photography (portrait) but maybe not another (action).
