### **The New Corporate Philanthropy - Harvard Business Review**

Corporate finance for the pre-industrial world began to emerge in the Italian city-states and the low countries of Europe from the 15th century. Public markets for investment securities developed in the Dutch Republic during the 17th century. By the early 1800s, London acted as a center of corporate finance for companies around the world, which innovated new forms of lending and investment.

The modern profession of architecture echoes with its origins, its rich history, and the fast-paced changes of the 21st century. Through antiquity, architecture and construction were united by the cultural intentions of a "Master Builder," who balanced art, science, materials, form, style and craft to achieve his vision. "The regulated profession of architecture is relatively new.
