With oil paint, there is a law about color in that if you mix yellow and blue you get green. This is how it is and it will never ever change! Since you only have paint and do not have a tree, you must know all about the laws of your paints so you can use them in the best way possible.

### **The Secrets Of Color Mixing - Oil Painting With Ethan**

Mastering color in painting is often a matter of combining a willingness to experiment with mixing colors as well as understanding the color wheel and color theory. Most artists develop their own color mixing chart—or several—and work on recognizing color relationships (primary, secondary, tertiary; complementary colors; warm vs. cool colors) and how colors vary in tone and intensity.
