Restaurants & catering While public eateries existed in Ancient Rome and Sung Dynasty China, restaurants (we know them today), are generally credited to 18th century France. The genesis is quite interesting and not at all what most people expect. Did you know the word restaurant is derived from the French word restaurer which means to restore? The first French restaurants [pre-revolution] were ...

The Food Timeline: history notes--restaurants, chefs ...

Before you can compile a roster of the most influential business executives in a market of nearly 3 million people, you first must define what it means to have influence as an executive, what it means to wield that power, and what it means, from that executive perch, to make a significant impact that goes beyond your company's own financial interests.
