NOMINA ANATOMICA VETERINARIA (2005) INTRODUCTION, HISTORY. In August, 1971, the General Assembly of the W.A.V.A. in Mexico authorized the publication of a second edition with the changes adopted by the I.C.V.A.N. and with an index. The same Editorial Committee that brought out the first edition was charged with this task and completed it in 1973.

Nomina Anatômica Veterinária, 5th Edition 2005 ...

Nomina Anatomica (NA) was the international standard on human anatomic terminology from 1955 until it was replaced by Terminologia Anatomica in 1998.. In the late nineteenth century some 50,000 terms for various body parts were in use. The same structures were described by different names, depending (among other things) on the anatomist's school and national tradition.
