the use of my new Nikon D90, I don't even look at the Nikon manual. I go right to this terrific book. The author is honest about the fact that some of the camera's features get so complicated that, at times, it may be best just to shoot on "auto" or use manual focusing. I highly recommend this book. This is the manual that should have come with ...

the Nikon D90, but this alone won't get great pictures. To get great photos you still need to get yourself to the right place at the right time and point the camera in the right direction, which is a lot harder than mastering the D90. Right out of the box at default settings the D90 does a great job, but you need
