Handloading or reloading is the process of loading firearm cartridges or shotgun shells by assembling the individual components (case/hull, primer, powder, and bullet/shot), rather than purchasing completely assembled, factory-loaded ammunition. The term handloading is the more general term, as it refers to assembly of ammunition using components from any source.

Asking Dave Scovill about Colt Single Actions is a lot like asking Chet Atkins about guitars. You'd better have brought a pen and notebook with you so you can record all the information accurately. The good news is that Dave has just published a new book on the subject, "Colt's Single Action Army: Loading and Shooting the Peacemaker", published by Wolfe Publishing Co.
