Oracle 10g Application Server Administration

Dear All. Hi. I need to do a training about "Oracle Application Server 10g Administration". Do you know any good training center in India from where I can get this training.

Application Server 10g Administration Training. | Oracle ...

In my humble opinion, since the advent of 10g family of Oracle Application Server, a new role of Application Server Administrator has emerged which is different from the role of a DBA. AS Administrator administers the AS instances, environments, components and their integrated configurations whereas the DBA looks after the DB administration and management.
