Oracle® Fusion Middleware Quick Installation Guide for ...

Hi Kulkarni 2GB RAM is very minimum and totally not sufficient to install OBIEE. Moreover, remember, OBIEE domain needs a oracle database also up and running that stores the OBIEE Schemas. Looks like you have Database also on this same machine which should be up and running for OBIEE. So you are hardly left with any memory for OBIEE stuff.

OBIEE 11g installation | Oracle Community

If I do first time installation which is the best option to select. First identify which version you want to install! 11g is getting old, maybe worth to think at 12c directly. Depends on your architecture. As Christian said Enterprise is maybe the best way to go except if you have a very special need that would justify software only.
