Introduction — OpenCV Documentation 3.2.0 documentation

Hi, I am having troubles linking the prebuild static libraries in an Android Studio project. I am not even sure if it is possible. Is it? What have I tried? * I create a simple new android studio project with C++ support. (Using Android Studio 3.1.4, Android SDK 21, OpenCV 3.4.3 and NDK 18.0.5) * I import the OpenCV Java SDK. This seems to work fine.

How do I link static .a libraries in an Android Studio ...

From the OpenCV documentation:. The org.opencv.android.JavaCameraView class is implemented inside OpenCV library. It is inherited from CameraBridgeViewBase, that extends SurfaceView and uses standard Android camera API. Alternatively you can use org.opencv.android.NativeCameraView class, that implements the same interface, but uses VideoCapture class as camera access back-end.

java - What is the difference between `opencv.android ...

Hello world! I am very excited to write this particular blog on the setup of OpenCV in Android Studio. There are many solutions there online which include setting up OpenCV using Eclipse, Android NDK etc but I didn't find a single reliable source for doing the same setup using Android Studio. So, we (Me and V.Avinash) finally came...
