Amazon.com: cockerham medical sociology

Draws the bulk of concepts and ideas from outdated data (1950s-1980s). It's difficult to believe that the field of medical sociology is so popular and growing, as the author states, and yet there is a serious lack of recent research. Disappointed that the book did not engage the reader as much as it could have - it was a very dry read.

Editions of Medical Sociology by William C. Cockerham

PREFACE. The field of medical sociology has undergone considerable change since the first edition of this textbook appeared in 1978. At that time, much of the research in medical sociology was dependent upon the sponsorship of physicians, and a clear division of labor existed between sociologists working in academic departments in universities and those working in health institutions.
