Oracle 10g Express Edition Documentation - laylagrayce.com
Hi, I've been playing around over the last few days with Oracle 10g Express and I need to create my own tablespace and therefore create user associated with my custom table space. I tried with the command create tablespace, but I am not successful with configuring the parameters such as the datafile location and such.

Create tablespace in Oracle 10g Express | Oracle Community
I've downloaded 10g Express (XE) and have figured out alot about how exactly to use the SQL Command Line window. But there's stuff such as copy and paste and interrupting query results that I can't find documented anywhere at all!! Where can I find comprehensive documentation on how to use the SQL command line window itself.

Oracle 10g Express SQL Command Line | Oracle Community
