Re: Oracle Bam 11.1 How to integrate with AD users? Meirav-Oracle Jun 10, 2010 2:40 PM (in response to 710517) we have created the OracleSystemUser AD user. still when starting the server we see that the "active user check" is marking the user as inactive. what should be the default provider of that user? right now it is default authenticator.

Oracle Bam 11.1 How to integrate with AD users? | Oracle ...

Oracle BAM What is BAM? Business Activity Monitoring is a tool that is useful in monitoring business services and processes. It actively collects data, applies rules and reports information to users. When something goes wrong in business processes, BAM can be configured to take corrective measures such as emailing administrators/support team.

Oracle BAM - Tekslate

In previous posts, I've focused on the components around BAM (starting with Impact of ACM Implementation on BAM). Now is will start with a number of posts that are related to the components of BAM. Hereby I will use the image below. The image comes from the BAM

documentation of Oracle. This post will mainly be...
